

# Light the Sky

Grace VanderWaal

Stars, they got nothing on us  
I don't think you understand Let's go out and do something we'd never do  
Cause I feel like I can do anything when  
My head is spinning and my feet off the ground  
When I can't stop dancing like no one's around  
And yeah, I think we were born to shine Cause the stars are dull when they're compared to you and I  
And if people don't like it then they can close their eyes  
Cause' we're not the same and we don't have to try  
We're brighter than fireflies, we're gonna light the sky Ooh, oh, oh  
Ooh, oh, oh oh  
Ooh, oh, oh  
Ooh, oh, oh oh Light the sky  
You and me, me and you  
We will shine through  
You and me, me and you  
We will shine Cause my head is spinning  
And my feet off the ground  
And I can't stop dancing  
Like no one's around  
And yeah I think we were born to shine Cause the stars are dull when they're compared to you and I  
And if people don't like it then they can close their eyes  
Cause' we're not the same and we don't have to try  
We're brighter than fireflies, we're gonna light the sky Ooh, oh, oh  
Ooh, oh, oh oh  
Ooh, oh, oh  
Ooh, oh, oh oh  
Light the sky
