

Can He Do It (Like This, Can He Do It Like That)

Ready for the World

You left me for another man
Oh oh
Oh
Baby (Baby, baby) Girl, I know it's been a little bit hard for you
Still you know inside your heart I know what to do, yeah, oh, yeah
Heard you found another man and he's all you see, oh
But does he give you everything that you want and need, yeah, oh, yeah (Tell me) Can he do it like this, baby
Can he do it like that, sugar
Can he go ?round and ?round and ?round, baby
Can he do it like this, baby
Can he do it like that, sugar
Can he go ?round and ?round and ?round, baby Now I see you standing there with a little smile, oh
So won't you stop the games and play for a little while, oh, yeah
Do you remember how to love every single night, mmm
Girl, you give so ?cause I wouldn't turn off the lights, oh, yeah (Tell me) Can he do it like this, baby
Can he do it like that, sugar
Can he go ?round and ?round and ?round, baby
Can he do it like this, baby
Can he do it like that, sugar
Can he go ?round and ?round and ?round, baby (Up and down and ?round and ?round)
Come on, baby, you can tell me
Oh
Oh
Baby (Baby, baby) Can he do it like this, baby
Can he do it like that, sugar
Can he go ?round and ?round and ?round, baby
Can he do it like this, mmm
Can he do it (Can he, baby)
?Cause if he can't you might as well come back home Can he do it like this, baby (Can he)
Can he do it like that, sugar (Oh)
Can he go ?round and ?round and ?round, baby (Can he, oh)
Can he do it like this, baby (Can he)
Can he do it like that, sugar (Oh)
Can he go ?round and ?round and ?round, baby Can he do it like this, baby (Can he)
Can he do it like that, sugar (Can he)
Can he go ?round and ?round and ?round, baby
