Thatâ€™s Me Right There

Jasmine V

Yeah, that's me right there (Can't stop, won't stop, hold up)
That's me right there
Nobody gotta tell me how to do it
I took 'em from the start, I can hold it down
I can't even lie, I'm the truest
Put that on everything, on everything
What can I say? Anytime, anyplace I be on it
Not many know what it takes
How to handle this lady, yeah own itBaby believe me this won't ever stop
I can make this look easy, got this on lockYeah, that's me right there (Can't stop, won't stop, hold up)
Yeah, that's my manÂ (Can't stop, won't stop, hold up)
Yeah, that's me right thereÂ
Can't nobody love that man
Like I love that man
That's me right there
That's me right there
I ain't never goin' nowhere (Can't stop)
We ain't ever goin' no where (Won't stop)
That right there (Hold up)
That's me right thereAh, what you want with it
I, recognize that you're on with it
I put your name in a stone with it
Emoji through the phone with it
Menage, nothing wrong with it
And now we're late, when we gon' get it
We up early in the morn' with it
Early in the morn' with it
Ha brace yourself, baby rate yourself
But I know its on a ten
Better yet save yourself,Â
ain't no crying when that headboard start to bend
No lie, 4-5 for the game, we shoot uzis
Cinematic, might claim this on movie
Pg-13 don't please me
P.S. No BS I'm usually
Teasing myself or somethin' like na na nana
Once I get it I'm a selfish one like nananana
Jasmine only ride Aladdins like nananana
Then I'mma cuff that like one time

Only one time I'mma tell you, I'mThat's me right there (Can't stop, won't stop, hold up)
Yeah, that's my man (Can't stop, won't stop, hold up)
Yeah, that's me right thereÂ
Can't nobody love that man
Like I love that man
That's me right there
That's me right there
I ain't never goin' nowhere (Can't stop)
We ain't ever goin' no where (Won't stop)
That right there (Hold up)
That's me right thereBaby believe me this won't ever stop
I can make this look easy, got this on lockYeah,Â that's me right there (Can't stop, won't stop, hold up)
Yeah, that's my man (Can't stop, won't stop, hold up)
Yeah, that's me right thereÂ
Can't nobody love that man
Like I love that man
That's me right there
That's me right there
I ain't never goin' nowhere (Can't stop)
We ain't ever goin' no where (Won't stop)
That right there (Hold up)
That's me right there
