Hellbound

Warlock

Starlight
Now it's the time
Now I will try
To realise my desire
To strike back
Tonight
I'm prepared for this time
To kill demons of crime
I will fight
Fight for my right
For many years
I've been under a curse
I swear...i've been under a spell
The time is right
I will flee from this hell
Ooh everywhere I see
Ghosts all around
(I'm hellbound) (I'm hellbound)
Moonlight
I'll take my weapon

Of attack
(and) without fear
Of death I wait
Midnight
I feel ghosts
Are all around
(but) I hold my ground
To survive
Fight, fight, fight
I will fight
Fight for my right
For many years I've been
Under a curse
I feel, I've been under a spell
The time is right
I will flee from this hell
Oh, everywhere I see
Ghosts are all around

I'm hellbound
(I'm spell-bound)
