

# A Boy Brushed Red... Living in Black and White

## Underoath

Can you feel your heartbeat racing?  
Can you taste the fear in her sweat?  
You've done this wrong, it's too far gone  
These sheets tell of regret  
I admit that I'm just a fool for you  
I am just a fool for you Here is where we both go wrong  
Tonight's your last chance to  
Do exactly what you want to  
And this could be my night  
This is what makes me feel alive  
Makes you feel alive Here is where we both go wrong  
So sign me up and toss this key  
'Cause for now, we're living In this moment that we both ignore the truth  
It's all over, it's all over  
I feel your heart against mine  
So take a breath and close your eyes, eyes Your lungs have failed and they've both stopped breathing  
My heart is dead, it's way past beating  
Something has gone terribly wrong  
I'm scared, you're scared, we're scared of this  
I never thought we'd make it out alive  
I never told you but it's all in your goodbyes  
It's all in your goodbyes Well, look who's dying now  
Slit wrists, well, sleeping' with the girl next door  
I always knew you were such a sucker for that  
It doesn't matter what you say  
You never mattered anyway  
I never mattered anyway In this moment that we both ignore the truth  
It's all over, it's all over  
I feel your heart against mine  
So take a breath and close your eyes, eyes Your lungs have failed and they've both stopped breathing  
My heart is dead, it's way past beating  
Something has gone terribly wrong  
I'm scared, you're scared, we're scared of this  
I never thought we'd make it out alive  
I never told you but it's all in your goodbyes  
It's all in your goodbyes Don't shake, I hate to see you tremble  
Trembling, you've lost your touch  
Haven't you? I'm so addicted, so addicted Your lungs have failed and they both stopped breathing  
My heart is dead, it's way past beating

Something has gone terribly wrong Your lungs have failed and they've both stopped breathing

My heart is dead, it's way past beating

Something has gone terribly wrong

I'm scared, you're scared, we're scared of this

I never thought we'd make it out alive

I never told you but it's all in your goodbyes

It's all in your goodbyes I never thought we'd make it out alive

I never thought we'd make it out alive

I never thought we'd make it out alive

It's all in your goodbyes
