

Get the Balance Right!

Depeche Mode

There's more besides joyrides
A little house in the countryside
Understand, learn to demand
Compromise and sometimes lieGet the balance right
Get the balance rightBe responsible, respectable
Stable but gullible
Concerned and caring, help the helpless
But always remain ultimately selfishGet the balance right
Get the balance rightYou think you've got a hold of it all
You haven't got a hold at all
When you reach the top
Get ready to dropPrepare yourself for the fall
You're gonna fall
It's almost predictable
AlmostDon't turn this way, don't turn that way
Straight down the middle until next Thursday
Reverse to the left, then back to the right
Twist and turn 'til you've got it rightGet the balance right
Get the balance rightGet the balance right
Get the balance rightGet the balance right
Get the balance rightGet the balance right
Get the balance right
