

# Looking For Love

## Anuhea

## VERSE 1

This ain't no middle school love boy  
This type of love ain't no immature thing  
What I got's fit for a man  
Do what I can with what I got  
And what I want's for you to take me

## CHORUS

If you're looking for love  
Call me, call me  
If you're looking for love  
Baby call me call me

x2

## VERSE 2

I know I don't know your story  
But I got a little time on my hands  
Because it's not about your body  
Or how I want it on me  
But what's underneath that skin

## REPEAT CHORUS

BRIDGE

You don't have to search no more  
Are you listening to me?  
Hear me? Feel me?  
I ain't trying to front I'm talking  
Bout true loving, this is real boy  
The vibes are right  
The connection's the truth  
Hear me now when I say  
I'm just a phone call away  
I'm just a phone call away

### VERSE 3

This ain't no middle school love boy  
This type of love ain't no immature thing  
Because its not about your body  
Or how I want it on me

But what's underneath that skin ooh

Just pick up that phone and call me  
I wanna talk to you in the morning time  
All the day and all night
