# OK Without You Remix

## Ce'Cile

Boy i am so glad to tell you
Now I can find the words to say
No longer in love no more
My feelings have gone away
Said I love you forever
Said I move on some day
Said I couldntt live without you
Guess what I am okChorus
I can sleep falling and . my eyes
I dont dream about you
Really feels looking back when I was depressed
And . I am ok without youEverytime I think about how I felt
you left now I feel foolish cause I spent .
Now that I move over I admit that I have no regrets
. love myself now I am happyChorus
I can sleep falling and . my eyes
I dont dream about you
Really feels looking back when I was depressed
And . I am ok without youBoy I am so glad to tell you
Never knew I would say
The words I am telling you now
I am glad you walked away
You gave me a chance for better
At that time I didnt see the way
But I am so stronger now
And now was yesterdayChorus
I can sleep falling and . my eyes
I dont dream about you
Really feels looking back when I was depressed
And . I am ok without youChorus
I can sleep falling and . my eyes
I dont dream about you
Really feels looking back when I was depressed
And . I am ok without you
