

Omega

Bruce Dickinson

The ashes drift away, smoke of our confusion
We turn our frightened faces to each other, say goodbye
 Waited for the sign, waited for the moment
 Waited for the miracle to arrive
 I guess they lied Look at your future
 Take a look at your burning sky
 Look at your future
 Look at your burning sky The others, they have gone
 Who wants to live forever
With nothing left to hold onto the past that we once knew?
 We believed in heaven, we believed in angels
 With arms of purest white
 To hold us, catch us when we fall Look at your future
 Take a look at your burning sky
 Look at your future
 Now look at your burning sky Now it's Omega-Zero day
 The red star shines its last rays
 The sun that gave us life yesterday
Is now the sun that takes our lives away Take a look at your future
 Look at your burning sky
 Look at your future
 Look at your burning sky Now it's Omega-Zero day
 The red star shines its last rays
 The sun that gave us life yesterday
Is now the sun that takes our lives away Now it's Omega-Zero day
 The red star shines its last rays
 The sun that gave us life yesterday
Is now the sun that takes our lives away
