

# Here Come My Demons

## Kula Shaker

Here come my demons  
Out of the shadows  
All cloaked and daggers  
And poison arrows Hell bent with weapons  
Of self destruction  
Whispering kisses  
Serpentine seduction My demons And there is a voice in your head  
Says you better off dead  
And you can't find reason  
To get out of bed  
No reason  
It's a demon  
Here come my my demons  
Saying it's all blessed  
And I am guilty Darling I am sorry  
It's all so tragic  
I didn't hear when you said  
Let the dead burry the dead All my demons Throw away these pills  
As it popped in your brain  
Don't listen to the man  
'Cause the man is insane  
And he wants you  
Oh he needs you With your demon Here they come, here they come  
Here they come, here they come  
They say the darkest hour  
Is just before you're born  
And lightning strikes the tower  
And you got no place left to go  
You got no place left to go  
You are on your own Here come my demons  
Out of the shadows  
All cloaked and daggers  
And poison arrows How did I get here  
This place of silence  
I see only myself  
Only myself I see no sun light  
No razor fire  
I see only myself  
Only myself Only myself

Only myself
