

Girl

Paul Wall

Oh girl, I'd be in trouble if you left me now

?Cause I don't know where to look for love

I just don't know how

Oh girl, I'd be in trouble if you left me now

?Cause I don't know where to look for love

I just don't know how

Oh

It started off, we were two peas in the pod

Motivated by love with the blessings of God

We were head over heels in this love thang

Funny, ain't it? Thinkin' back, our friends thought it was just a fling

I used to call you on the phone, late night tip

Mackin' to you in your ear, conversation well equipped

I used to make you laugh, I used to make you smile

But all the while your roommates were in denial

We felt a lot of jealousy from the very start

Your so-called friends kept tryin' to tear us apart

They used to tell you all kinda lies

Just like a wolf in sheep's clothing, the devil came in disguise

They transformed all your smiles into tears

To sabotage your happiness and blamed it on my busy career

I gave you e'rythang, aimin' to please

But I guess it wasn't enough ?cause now you ready to leave

But don't go baby

Oh girl, I'd be in trouble if you left me now

(What it do baby, don't leave me hangin' baby)

?Cause I don't know where to look for love

(I know you feelin' this)

I just don't know how

(I'm just sayin' though)

Oh girl, I'd be in trouble if you left me now

(I know you hearin' me, so don't do it baby)

?Cause I don't know where to look for love

(You know I keep it real)

I just don't know how

(Just let me tell you somethin')

Oh girl

Lil' momma been down with me for a while

When you tryin' to smile I'm the one you like to dial

But lately I've been on a mission for commission
So while you at home wishin' you was with me I've been missin'
But listen I'm tryin' to lace you up with diamonds that glisten
I got a vision so baby you need to kill all the fiction
Don't listen to what your friends sayin', they just jealous
?Cause they on the sidelines watchin' while you in the game playin'
I'm just sayin' you should be stayin', but I ain't trippin'
I'm in love with my money baby that's how I'm livin'
You know I got you on my mind like an edge up
And all of your naggin' me and whinin' it got me fed up

I'm on the grind hustlin', stackin' my cash
But you just think I'm in the streets chasin' after some ***
Tryin' to break that bread, I'm tryin' to get that cake
But you complainin' talkin' 'bout you fin' to skate

Baby what it do

Oh girl, I'd be in trouble if you left me now
?Cause I don't know where to look for love

I just don't know how

Oh girl, I'd be in trouble if you left me now
?Cause I don't know where to look for love

I just don't know how

Oh

I'm tryin' to tell you 'bout your friends hatin'
While they be over there complainin' I'm just on my grind paper chasin'
You got them insecure thoughts in your mind
But instead of chasin' **** I be overtime on my grind
You steady listenin' to the gossip in the beauty shop
But all them jealous single females want what you got
They would do anythang to take yo' place
?Cause every time I come around they be givin' me that sex face

You ridin' ***** in the James Bond Benz

With the frog-eyed lens on them 20 inch do rims

So why you worried about your jealous so-called friends
I'm just on my grind tryin' to stack me up some ends baby

I used to make you laugh, I used to make you smile
And all the while your jealous friends been in denial

I ain't askin' much, lil' momma just keep it real
Either you're down with me or not, baby what's the deal?

Oh girl, I'd be in trouble if you left me now
?Cause I don't know where to look for love

I just don't know how

Oh girl, I'd be in trouble if you left me now
?Cause I don't know where to look for love

I just don't know how

Oh girl, I'd be in trouble if you left me now
?Cause I don't know where to look for love
I just don't know how
Oh girl, I'd be in trouble if you left me now
?Cause I don't know where to look for love
I just don't know how
Oh girl, I'd be in trouble if you left me now
?Cause I don't know where to look for love
I just don't know how
Oh girl
