

# I Only Dance With You

## O-Town; O'Town Boyz

Girl, I remember how it all began  
You introduced her as your friend  
But I knew I was in trouble when  
    I saw her smile at me  
And then she asked me for a dance  
    But never offered you a glance  
Well let me tell you girl with friends like that  
    Who needs enemies  
Should've known better than to trust a friend  
    Who's jealous of the way we're livin'  
I don't think you know what's happening  
    Your girl is shading you  
Should've known better than to trust a friend  
    Behind your back she gives me rhythm  
But I'm about to make her understand  
    I only dance with you  
Girl, you say your friend is just flirting but  
    It's getting so ridiculous  
That she's thinking she can mess with us  
    But I don't play around  
Even when she's saying that you're well aware  
    And it's cool with you to share  
No I still ain't gonna dance with her  
    I'm telling you right now  
Should've known better than to trust a friend  
    Who's jealous of the way we're livin'  
I don't think you know what's happening  
    Your girl is shading you  
Should've known better than to trust a friend  
    Behind your back she gives me rhythm  
But I'm about to make her understand  
    I only dance with you  
    Don't try to say I've lost my mind  
I know your girl has crossed the line  
    'Cause I really know that  
She got issues, she's trying to diss you  
    The minute that you turned around  
    She pulled a switch boo  
'Cause she's wishing what's yours was hers

So now listen girl that ain't never gonna work  
Should've known better than to trust a friend  
    Who's jealous of the way we're livin'  
    I don't think you know what's happening  
        Your girl is shading you  
Should've known better than to trust a friend  
    Behind your back she gives me rhythm  
    But I'm about to make her understand  
        I only dance with you  
Should've known girl not to trust a friend  
Should've known jealous of how we livin'  
    Should've known girl was shading you  
    Should've known only dance with you  
Should've known better than to trust a friend  
    Who's jealous of the way we're livin'  
    I don't think you know what's happening  
        Your girl is shading you  
Should've known better than to trust a friend  
    Behind your back she gives me rhythm  
    But I'm about to make her understand  
        I only dance with you  
        I only dance with you  
        I only dance with you
