Holy Virgin (Radio Edit)

Groove Coverage

I'm a little lady
treat me like a baby
I've been waiting wakely
for someone like youCan you share my passion
earning my obsession
I want satisfaction
all of the timeif you wanna taste me
try my paradise
come, and feel up my desireyou can please me,
tease me,
take me to the sky,
baby, we can burn like fireI am your holy virgin,
be gentle all the time
I am your holy virgin,
I'll blow your mindI am your holy virgin
and if you touch me right
I'll be your nasty virginI can take you places
show you all my faces
no, I don't wrap the paces
we gonna be theredo you wanna hold me
when I'm feelin' lonely
slowly you consume me
angel of mineif you wanna taste me
try my paradise
come, and feel up my desireyou can please me
tease me,
take me to the sky,
baby, we can burn like fireI am your holy virgin,
be gentle all the time
I am your holy virgin,
I'll blow your mindI am your holy virgin
and if you touch me right
I'll be your nasty virgin'nother kind of false
heaven just calls
open up your eyes
for someone like meI am on my way
leaving today
Oh,I'm gonna ride
to the other sideif you wanna taste me,

try my paradise,
come, and feel up my desireyou can please me
tease me,
take me to the sky,
baby, we can burn like fireI am your holy virgin,
be gentle all the time
I am your holy virgin,
I'll blow your mindI am your holy virgin
and if you touch me right
I'll be your nasty virgin,
I'll blow your mindI'll blow your mindI am your holy virgin,
be gentle all the time
I am your holy virgin.
