

# Ridin Thru da Hood

## Evil Pimp

Ridin' thru da x16

[Ridin', ridin' ridin',  
Ridin' thru the hood, locced out, (When you see me)  
Ridin' thru the hood, locced out,  
Take the scope out,] x2

When you see me, you goin' know that Evil Pimp is back,  
And when you see me, you goin' see me in a Cadillac,  
When you see, you goin' notice all my tattoos,  
And when you see me, I'm goin' start to act a damn fool,  
When you see me, you goin' see me ridin' 20 inch,  
And when you see me, you goin' see the diamonds on my wrist,  
When you see me, you goin' see me with a crucifix,  
And when you see me, I am quick to holla at yo bitch,  
When you see me, I be rollin' 'cuz with TVs,  
And when you see me, I be rollin' with the big screens,  
When you see me, you goin' see my teeth is laced with gold,  
And when you see me, you goin' see them shine at every show,  
When you see me, you will know I bring a platinum plaque,  
And when you see me, you will ask me to produce ya track,  
When you see me, I be wearing braids,  
Fuck the fade,  
And when you see me, you will know my CDs keep me paid,

[Hook] x4

When you see me, I'm the hardest nigga that you'll find,  
And when you see me, you will find no other like my kind,  
When you see me, you goin' hand over those damn keys,  
And when you see me, it's the scope from the listerine,  
When you see me, I be writing off those toe tags,  
And when you see me, like a nigga made my pistol sag,  
When you see me, I'm the coldest rapper in this town,  
And when you see me, we be smokin' the green from the ground,  
When you see me, you goin' wanna play this song again,  
And when you see me, you will know this written with a pen,  
When you see me, I'm goin' leave you bleedin' in a field,  
And when you see me, you will know I'm 'bout my whole kill,  
When you see me, you don't wanna bring no pistol play,

And when you see me, right "I fuck with him" you hoes will say,  
When you see me, you will see me walkin' wit a limp,  
And when you see me, you will know that I am Evil Pimp,

[Hook] x10
