Drunk Girl

Pepper

Hey, it's been a long time love since I've seen you around
You've made a few mistakes but you've reached a higher ground
How long will you stay and will we watch the sunrise?
Oh, I see your seas and the tide is getting high
And I don't believe those screaming words you say
And I don't believe that you go both ways
And oh, the only reason you're here with me is 'cause I love a drunk girl
Oh, oh, oh, oh, oh yeah
And you're just a drunk girl
Oh, oh, oh, oh, oh yeah
And I love a drunk girl
Am I the one to save you, love?
'Cause you're just that drunk girl
Oh, oh, oh, oh yeah, uh
Now don't I make you feel nice how I remembered your name?
Remember back in school when you pushed me through the rain
Well, now I want you to feel that there's no safer place
I'll hold your hair for you and pull the toilet from your face
And my friends don't believe that that's all it takes
And your girls can't believe that I could be that mistake
But oh, the only reason you're here with me is 'cause I love a drunk girl

Oh, oh, oh, oh, oh yeah
And you're just a drunk girl
Oh, oh, oh, oh, oh yeah
And I love a drunk girl
Am I the one to save you, love?
'Cause you're just that drunk girl
Oh, oh, oh, oh yeah, uh
You try to kiss me, baby, you're screaming, let me lady
You're running hot and heavy, most people think you're crazy
I'm trying to keep it steady, you're wet and reckless, honey
Don't spit out on me, lady because I need you ready
And I always knew it would come to this
And in the morning I've got you off my list
But oh, the only reason you were with me is you're just a drunk girl
Oh, oh, oh, oh, oh yeah
And you're just a drunk girl
Oh, oh, oh, oh, oh yeah

And I love a drunk girl
Am I the one to save you, love?
'Cause you're just that drunk girl
Oh, oh, oh, oh yeah, uh
