

AssassiNation

Mind's Eye

Our people are poor, and you know, damn well
 Nobody wants to be poor
 This play is gonna show how the pigs react
 When the people start to take community
Control over what belongs to them and liberate it back
 Sometimes I just don't care
 Murderation, modern hanging education
 Price of your life is goin' up it ain't inflation
 Incrimination, they got my picture at the station
 Elimination, state to state we eatin' by this nation
 Them belly full, my trigger finger got pulled
 To cut the bull shots'll warm your flesh like wool
 These tools for survival make fools out of rivals
 Fuck the Bible, get on your knees and praise my rifle
 Your life is done there ain't another place to run
 Eat your own gun, scared because my people never known fun
 Cops drive down the streets and blow my friends away
 I try to smoke enough lah to take my sins away
 This E&J be freein' us in it's own special way son
 We live for the day, the only way dunn
 The violence in me, reflect the violence that surround me
 I choose that wildly Mr. Charley keep his eye on me
 To figure my head, but them ass kissin' niggas is dead

 We learn the chokeholds with fishermen's thread
 I read 'The Art of Sun-Tzu' in a couple of fuckin' days
 Used to practice Kung-Fu with this nigga that's like, double my age
 And you can put this on the government's grave
 Somebody payin' for the way we have to suffer and slave
 Assassination, word up
 I hope they get the assassins, I hope that something is done to them
 Problem is they're killing them
 It reminds me of something like what happened to Lincoln
 You ain't even safe wit a full clip
 Hustle out on the president's grave
 I'm sick of livin' in this bullshit
 We down to take it to the full length
 Meet us up on Capitol Hill and we can get up in some real shit
 You ain't even safe wit a full clip

Hustle out on the president's grave
I'm sick of livin' in this bullshit
We down to take it to the full length
Meet us up on Capitol Hill and we can get up in some real shit
Assassination, yeah
