The Deck

Wheatus

She stands on the deck hear
To watch all the landslides
She's waiting for myrtle
Can't wait 'til she drives byShe's focused on football
Making her plants grow
You'd think he'd have noticed
Become what she needsNot today, not today
She says go away
Go away, go away
She says keep it all insideNot today, not today
She says go away
Go away, go away
She says keep it all insideI'll marry a nice man
And move out to north port
And sell my camera
To live in a white houseAnd have my TWA Corbie's
And make up some cut lips
I'll live in a white house
I am Susie brownNot today, not today
She says go away
Go away, go away
She says keep it all insideNot today, not today
She says go away
Go away, go away
She says keep it all insideNahoohoo, nahoohoo
Nahoohoo, nahoohooNow I'm not a DJ
I play one in real life
You've heard all my records
The hits cut like steak knivesRole out the red carpet
Like leaves through the winter
Now I'm not a DJ
I'd sure like to beNot today, not today
She says go away
Go away, go away
She says keep it all insideNot today, not today
She says go away
Go away, go away
She says keep it all insideNahoohoo, nahoohoo
Nahoohoo, nahoohoo

Nahoohoo, nahoohoo
Nahoohoo, nahoohoo
