Day Four

Bloc Party.

It?s in the trees
It?s in the leaves
This time i know what
That I?ll stay clear
Anything it gives
Anything it gives it will take back
This city is here for you
My life, much long
What i know who owns.
it?s running out
Raise it, stay brave
But i know who owns, it will return
I found there
Rising from me

From my fingers
And all my mouth
If you?re ever lonely
If you are alone and stay that way
The city is here for you
My life, much long
What i know
it?s running out
Raise it, stay brave
But i know, it will return
On the fourth day
On the fourth day
On the fourth day
On day four
