

Wikked Lil' Grrrls

Esthero

Wikked lil' grrrls, kiss the boys and make them cry
Raisin' double trouble everytime we pass them by
Some might say we're wikked lil' grrrls With curves and kissers and pearly whites
You better keep an eye on your boys
And lock 'em up tight, tight, tight, tight, tight You think that I'm a lady? You think that I won't fight?
I'll make your eyes shine like a liliqoi moonlit night, oh
You think you're my one and only, only?
Sophisticated Yoni told me
"You gots to love livin' while you livin' or you won't love life" I'm the high pimpstress, I'm honeybrown
I'm the baddest bitch to ever hit this town
Cornbread woman, yo hoe and a bottle of yum
I'm gonna have a party with my body
Do you wanna come? Well, alright 'Cause we're such wikked lil' grrrls
Kiss the boys and make them cry
Raisin' double trouble everytime we pass them by
Some might say we're wikked lil' grrrls With curves and kissers and pearly whites
You better keep an eye on your boys
And lock 'em up tight, tight, tight, tight, tight Hey girls, I'm back again
That vixen no bell and that Bride of Frank
Bend the rules, headline bad news
It's the Sisters of Salem that they on the loose Shakin' her caboose like Dottie
Octopussy like a James Bond hottie
Smokin' like a Cuban, with a whiff like a rumor
Better know what you're doing
Or get kicked out right away, gonna hide away
I'd advise you not to play with those Wikked lil' grrrls, kiss the boys and make them cry
Raisin' double trouble everytime we pass them by
Some might say we're wikked lil' grrrls With curves and kissers and pearly whites
You better keep an eye on your boys
And lock 'em up tight, don't you play with those Wikked lil' grrrls, kiss the boys and make them cry
Raisin' double trouble everytime we pass them by
Some might say we're wikked lil' grrrls With curves and kissers and pearly whites
You better keep an eye on your boys
And lock 'em up tight, tight, tight Here come those devils, cheeky sneaky rebels
Everyday and every night, hot steppin' is what we like
Said, here come those devils, cheeky sneaky rebels
Everyday and every night, hot steppin' is what we like
Cheeky sneaky rebels Wikked lil' grrrls, kiss the boys and make them cry
Raisin' double trouble everytime we pass them by

Some might say we're wikked lil' grrrls With curves and kissers and pearly whites
You better keep an eye on your boys
And lock 'em up tight, don't you play with those Wikked lil' grrrls, kiss the boys and make them cry
Raisin' double trouble everytime we pass them by
Some might say we're wikked lil' grrrls With curves and kissers and pearly whites
You better keep an eye on your boys
And lock 'em up tight, hot steppin' is what we like You better keep an eye on your boys
And lock 'em up tight
You better keep an eye on your boys
And lock 'em up tight You better keep an eye on your boys
And lock 'em up tight, hot steppin' is what we like
You better keep an eye on your boys
And lock 'em up tight, hot steppin' is what we like Hot steppin' is what we like, what we like, baby
Baby, baby, baby
Wikked lil' grrrls, wikked lil' grrrls
