

# Takes One To Know One

# Maria Mena

[illegible]

Are you gonna be, are you gonna be there for  
Are you gonna be, are you gonna be there for  
Are you gonna be, are you gonna be there for  
Are you gonna be, are you gonna be there for  
Are you gonna be, are you gonna be there for  
Are you gonna be, are you gonna be there for  
Are you gonna be, are you gonna be there for me?!

There for me?! Oh!

Are you gonna be, are you gonna be there for  
Are you gonna be, are you gonna be there for  
Are you gonna be, are you gonna be there  
And are you gonna be, are you gonna be there for  
Are you gonna be, are you gonna be there for  
Are you gonna be, are you gonna be there for  
Are you gonna be, are you gonna be there for  
Are you gonna be, are you gonna be there for me?!

Are you gonna be, are you gonna be there for (It takes one to know one!)

Are you gonna be, are you gonna be there for (It takes one to know one!)

Are you gonna be, are you gonna be there for (It takes one to know)

Are you gonna be, are you gonna be there for (It takes one to know one!)

Are you gonna be, are you gonna be there for (It takes one to know one!)

Are you gonna be, are you gonna be there for (It takes one to know one!)

Are you gonna be, are you gonna be there for (It takes one to know)

Are you gonna be, are you gonna be there for (It takes one to know one!)
