

Good Good Girl

3LW

Should I give you some? That is the question
And will it change the way you look at me?
I have been so afraid, while you've been so patient
My mother would have a fit if she could see You made a good good girl do a bad bad thing
Although my mind is strong, my body isn't listening
See, I know right from wrong but my heart won't speak
So should I stay a good good girl or do a bad bad thing? I'm burning incense and candles
I planned it all perfectly
Now do you think you can handle
A massage from me Yes, I know it's unexpected
But when love takes control, you feel naked
But I'm not afraid no more
I just want you to walk through that door And make a good good girl do a bad bad thing
Although my mind is strong, my body isn't listening
See, I know right from wrong but my heart won't speak
So should I stay a good good girl or do a bad bad thing? Kissing you, feeling you
(That's not so bad)
Touching you, holding you
(That's not so bad)
(Wanting you, like I do)
(That's not so bad) I almost decided, I tried hard to fight it
I, I just might, I just might
Give it to you Although my mind is strong, my body isn't listening
See, I know right from wrong but my heart won't speak
So should I stay a good good girl or do a bad bad thing?
