

Face The Music

Hoobastank

Through all weâ€™ve watched you always take the path of least resistance.
Weâ€™ve seen you searching for a way that you can cheat the system.
You had us fooled but now the truth has finally been uncovered.
Weâ€™ll never look at you the same because weâ€™ve all discoveredâ€¦

Take a look, t-t-take a look at what youâ€™ve done.
T-take a look, take a look.

Your game is over now,
The ride is coming to an end.
And itâ€™s time for you to face the music.
What goes comes back around,
Youâ€™re gonna pay for what you did.
â€˜Cause itâ€™s time for you to face the music

We watched you swear that everything weâ€™ve heard is fabricated.
You said the stories were all false or just exaggerated.
But it turns out that youâ€™re the one whoâ€™s making up the stories,
Keeping us in the dark while you bask in your own fame and glory.

Take a look, t-t-take a look at what youâ€™ve done.
T-take a look, take a look.

Your game is over now,
The ride is coming to an end.
And itâ€™s time for you to face the music.
What goes comes back around,
Youâ€™re gonna pay for what you did.
â€˜Cause itâ€™s time for you to face the music

Take a look, t-t-take a look at what youâ€™ve done.
T-take a look, take a look.
Take a look, t-t-take a look at what youâ€™ve done.
T-take a look, take a look.

Well, weâ€™ve got news for you.

Your game is over now,
The ride is coming to an end.
And itâ€™s time for you to face the music.

What goes comes back around,
Youâ€™re gonna pay for what you did.
â€™Cause your true colors have come through,
Now thereâ€™s nothing you can do.
Itâ€™s time for you to face the music.

Take a look, t-t-take a look at what youâ€™ve done.
T-take a look, take a look.
Take a look, t-t-take a look at what youâ€™ve done.
T-take a look, take a look.
