Flush the Bouncers

Wasted Youth

You can be what you want to, don't have to listen to no one
Stand up for what you believe in, you are no man's slave
Start thinking on your own, just do what you want
Don't think what's right or wrong, take your chances move along
Search, destroy, search, destroy
Your no man's slave, no man's slave, no man's slave
Start living your own life, don't think about it twice
Stand up for what you believe in, you are no man's slave
Don't think what's right or wrong, take your chances move along
Search, destroy, search, destroy
Your no man's slave, no man's slave, no man's slave
You can be what you want to, don't have to listen to no one
Stand up for what you believe in, you are no man's slave
