

# It's Got You All Over It

**Tracy Lawrence**

Today my radio played a new love song  
Pretty soon I was singin' along  
When the chorus came around I knew  
Every word every line was written about you(Chorus)  
    It's got you all over it  
    Like a sweet melody  
    That you can't forget  
    Reminds me of the love I'm in  
It's got you all over itFrom this ear-to-ear the grin the on my face  
    To this feeling that makes my heart race  
    Even in the dreams I dream at night  
I guess you could say I got all one track mind(Repeat Chorus)  
    (Tag)  
    The future so bright  
    (Repeat Chorus 2x)
