

I'm in Heaven (When You Kiss Me)

ATC

You capture me with a stare
I'll follow you anywhere
You lead me into temptation
I guess you need to enjoy I'm like a kid with a toy
I'm losing my concentration
One kiss from you and I'm on fire
Your touch is all I desire One look and you take me higher
You know I couldn't resist
Ya, I miss every time I'm with you
Every time that we kiss I'm in heaven when you kiss
Heaven when you kiss me
You were sent to me from Wonderland I'm in heaven when you kiss
Heaven when you kiss me
You were sent to me from Wonderland I go crazy when you kiss me
Show me how you miss me
Take me with you back to Wonderland You know I couldn't resist
Ya, I miss every time I'm with you
Every time that we kiss I dream of you every night
Feels like I'm losing my mind
The feelin's just getting stronger
(Ger, ger, ger, ger) My head is spinnin' around
You play with me but I'm bound
I can't resist any longer One kiss from you and I'm on fire
Your touch is all I desire
One look and you take me higher You know I couldn't resist
Ya, I miss every time I'm with you
Every time that we kiss I'm in heaven when you kiss
Heaven when you kiss me
You were sent to me from Wonderland I'm in heaven when you kiss
Heaven when you kiss me
You were sent to me from Wonderland I go crazy when you kiss me
Show me how you miss me
Take me with you back to Wonderland You know I couldn't resist
Ya, I miss every time I'm with you
Every time that we kiss You know that I'm hypnotized
Each time I look in your eyes
You know I couldn't disguise
And I couldn't resist every time that we kiss I'm in, I'm in heaven when you kiss me
Heaven when you kiss me

You were sent to me from WonderlandOoh, it's heaven when you kiss me
Heaven when you kiss me
You were sent to me from WonderlandI go crazy when you kiss me
Baby, don't resist me
Take me with you back to WonderlandYou know I that I'm hypnotized by your eyes
And I just can't resist
Every time that we kissYou know I that I'm hypnotized by your eyes
And I just can't resist
Every time that we kiss
(Kiss, kiss, kiss)
