

# Back To Sleep

Chris Brown

I know it's late, I know it's late  
And baby I can't focus, focus  
I just flew in to town today  
I'm hoping that you notice, did you notice?  
I just posted my landing, oh  
Wondering if the same old understanding, stands  
I know you got work pretty early, I'll be around 'bout 3:30  
Usually you done by one, so baby when I wake you up Just let me rock, sex you back to sleep girl  
Don't say a word no, don't you talk  
Just hold on tight to me girl  
Sex you back to sleep girl, rock you back Now where you at? Just dropped my bags  
I'm coming through to meet ya, oh yeah, to meet ya oh  
I know you're almost half asleep but you know I might just reach ya  
Girl I need ya, oh  
Gon' gimme that spare key, oh  
But if you keep the door unlocked, be ready, oh  
I know you got work pretty early, I'll be around by 3:30  
Usually you're done one, so baby when I wake you up Just let me rock, sex you back to sleep girl  
Don't say a word no, don't you talk  
Baby just hold on tight to me girl  
Sex you back to sleep girl, rock you Ain't sorry that I woke ya, I ain't sorry 'bout ya job  
Call sick in the morning so I can get a little bit more of your love  
I know you want me, how you feel me 'cause you never disagree  
So when you wake from your sleep, girl Just let me rock, sex you back to sleep girl  
Don't say a word no, girl don't you talk  
Just hold on tight to me girl  
Sex you back to sleep girl, and rock you back Ain't sorry that I woke ya, I ain't sorry 'bout ya job, sex you back  
to sleep girl  
Call sick in the morning so I can get a little bit more of your love  
Ain't sorry that I woke ya, I ain't sorry 'bout ya job, sex you back to sleep girl  
Call sick in the morning so I can get a little bit more of your love
