

# Hooked On Your Love

## En Vogue

Your tender smile gives me happy thoughts of you  
You got me so close to my dreams now they have to come true  
Ooo baby, nothing to be shy about  
Nothing we have to lie about  
Hope lovin' you don't confuse you  
Ooo baby baby, I don't wanna lose you And when we touch our hearts move at a steady pace  
I'm tryin' hard not to show the blushin' over my face  
Ooo yeah yeah, you bring out the woman in me  
What can I see that you can't see?  
I like the way we carry on  
Hope you understand my feelings got me just a reeling What can I do with this feeling?  
Hooked on your love, sweet love, love  
What can I do with this sweet feeling?  
Hooked on your love, sweet love, love, ooo Your eyes within me, they send me just a starin' me down  
I'm so turned on in time and child, I got to move around  
Ooo yes I do, over and over you astound me  
I take pleasure to have you around me  
My lovin' arms would love to squeeze you  
Ooo baby take it, I don't want to tease you What can I do, ooo with this feeling?  
Hooked on your love sweet love love  
What can I do?  
What can I do, with this feeling?  
Hooked on your love sweet love love  
Ooo Nothing to be shy about  
Nothing we have to lie about  
Hope lovin' you don't confuse you  
Hope you understand these feelings me got me just a reeling What can I do with this feeling?  
Hooked on your love sweet love, love  
Oh what can I do with this feeling?  
Hooked on your love sweet love love What can I do?  
What can I do, with this feeling?  
Hooked on your love sweet love love  
What can I do, with this feeling?  
Hooked on your love sweet love love What can I do?  
What can I do with this feeling?  
Hooked on your love sweet love love  
What can I do with this feeling?
