

# Show Me The Money

## Architecters

This is definitely the wickedest thing I ever hear in my life!

    Show off that body you got

    You got the dance, glow so hot

    You workin' that, you twerkin' that

        You tickin' that like a clock

        Can't nobody do it like I do it

        When I do it, dog I do it

            (Break it down)

    Break it down, put your back into it

    Man, y'all ain't ready for the \*\*\*\* I'm doing

            (So get up)

    Get up, put your drinks down

    Don't want y'all sloshing yo' drinks out

        All over that cheap blouse

    Ain't nothing but a swallow in it anyhow

            (Still me)

    Still me, I just changed the sound

    To the other one I had and just swapped it out

            (Switch!)

    Kept somethin' in background

        ?Cause you love the song

        But you in love wit the background

        C'mon let a mama work for me

    Make a player wanna spend some money

        I don't really like spendin' money

    But if you do what you do and do it well I'ma

        Show off that body you got

        You got the dance, glow so hot

        You workin' that, you twerkin' that

            You tickin' that like a clock

            Show off that body you got

            You got the dance, glow so hot

        You workin' that, you twerkin' that

            You tickin' that like a clock

    Look good, and thick, nothin' in ?em, I'm hurtin'

        No silicon, no lipo, no botox, no dumpty dump

            All natural in today's world

    When her mama brought her in this world

        Good lookin' mama!

That good and hot and def make a athlete lose his breath  
And if you got ass, move your little bump south  
You're gonna need a couple skirts, fallin' out  
10.5 on the Richter scale, the highest number you can go is 12  
Shorty shake it like hell, we ought to be shame ourselves  
The Creator couldn't rock the bed that well  
Look at her breakin' it down ridin' this beat like wow!  
If I was a jail man I'd gun her down  
Show off that body you got  
You got the dance, glow so hot  
You workin' that, you twerkin' that  
You tickin' that like a clock  
Show off that body you got  
You got the dance, glow so hot  
You workin' that, you twerkin' that  
You tickin' that like a clock  
This is definitely the wickedest thing I ever hear in my life!  
Ok!  
I been sippin' on that Patron  
I'm ready give you what you want  
Might not feel the same way tomorrow  
But I'll deal with that tomorrow  
?Cause tonight you got me feelin'  
Like I wanna take you home  
Show off that body you got  
You got the dance, glow so hot  
You workin' that, you twerkin' that  
You tickin' that like a clock  
Show off that body you got  
You got the dance, glow so hot  
You workin' that, you twerkin' that  
You tickin' that like a clock
