In The Woods

Kim Harris

In the woods, I find peace
In the woods, subtle stimulus relief
And I'm covered in needles
And I'm colored in grace

Where the pirates wonâ€™t find me
No, the pirates wonâ€™t find me
No, they wonâ€™t lay eyes on me
No, they wonâ€™t lay eyes on me

Under foot, root piles
Map the way, to frozen letters under pine cones in ice
Iâ€™m varnished in maple
And Iâ€™m versed in praise

Where the pirates wonâ€™t find me
No, the pirates wonâ€™t find me
No, they wonâ€™t lay eyes on me
No, they wonâ€™t lay eyes on me

On me,
On me

Oh speak a sign of us and our design
Oh speak, Oh speak

Where the pirates wonâ€™t find me
No, the pirates wonâ€™t find me
No, they wonâ€™t lay eyes on me
No, they wonâ€™t lay eyes on me

In the woods, I find peace
In the woods, subtle stimulus relief
And I'm covered in needles
And I'm colored in grace

Oh, Iâ€™m covered in needles
And I'm colored in grace
