

# Rest of My Life (feat. Usher & David Guetta)

## Ludacris

If you live for somethin'  
You're not alone my friend  
So fill up your cup and lift your lighter  
A toast to life They say what don't kill me can make me stronger  
So two drinks a night should help me live longer  
I blow some smoke to give my lungs a test  
'Cause why tip-toe through life to arrive safely at death  
I'm on a journey yeah I'm on a roll  
Sometimes I gotta close my eyes just to open my soul  
And tonight is the night I gotta feeling I'm about to act a fool  
So if you go fix some drinks me and Usher 'bout to break some rules That's somewhere to go, but the world is  
moving slow  
I was born for the fast life  
I go for broke, a lesson I can't afford  
But for what it's worth I'm ready to pay  
For the rest of my life  
For the rest of my life Na na hey, oh  
Na na hey, oh  
Na na hey, oh  
Na na hey, for the rest of my life If I got one life to live, I'mma party 'til I'm dead  
What the hell is a life worth living if it's not on the edge  
Trying to keep my balance, I'm twisted so just in case I fall  
Written on my tombstone should say "Women, Weed, and Alcohol" That's somewhere to go, but the world is  
moving slow  
I was born for the fast life  
I go for broke, a lesson I can't afford  
But for what it's worth I'm ready to pay  
For the rest of my life  
For the rest of my life Na na hey, oh  
Na na hey, oh  
Na na hey, oh  
Na na hey If you live for somethin'  
You're not alone my friend  
So fill up your cup and lift your lighter  
A toast to life I'm stuck in this moment, freeze the hands of time  
'Cause I feel inner peace when I'm out of my mind  
And you can call me crazy, but I like to roll the dice  
So I'm willing to bet that I'mma be crazy for the rest of my life For the rest of my life  
For the rest of my life
