

# Drops of Jupiter (Tell Me)

## Train

Now that she's back in the atmosphere  
With drops of Jupiter in her hair, hey, hey  
She acts like summer and walks like rain  
Reminds me that there's time to change, hey, hey  
Since the return from her stay on the moon  
She listens like spring and she talks like June, hey, hey Tell me did you sail across the sun  
Did you make it to the Milky Way to see the lights all faded  
And that heaven is overrated Tell me, did you fall from a shooting star  
One without a permanent scar  
And did you miss me while you were looking for yourself out there Now that she's back from that soul vacation  
Tracing her way through the constellation, hey, hey  
She checks out Mozart while she does tae-bo  
Reminds me that there's room to grow, hey, hey Now that she's back in the atmosphere  
I'm afraid that she might think of me as plain ol' Jane  
Told a story about a man who is too afraid to fly so he never did land Tell me did the wind sweep you off your  
feet  
Did you finally get the chance to dance along the light of day  
And head back to the milky way  
And tell me, did Venus blow your mind  
Was it everything you wanted to find  
And did you miss me while you were looking for yourself out there Can you imagine no love, pride, deep-fried  
chicken  
Your best friend always sticking up for you even when I know you're wrong  
Can you imagine no first dance, freeze dried romance five-hour phone  
Conversation  
The best soy latte that you ever had, and me Tell me did the wind sweep you off your feet  
Did you finally get the chance to dance along the light of day  
And head back toward the Milky Way And are you lonely looking for yourself out there? Tell me did you sail  
across the sun  
Did you make it to the milky way to see the lights all faded  
And that heaven is overrated Tell me, did you fall from a shooting star  
One without a permanent scar  
And did you miss me while you were looking for yourself out there
