

Stupid Humans

Nobodys

Stupid humans don't deserve to live.
They take away more than they give.
They always ask the question why.
Stupid humans deserve to die.
Kill them all, they should be dead for all the stupid things they've said.
We've got more than we need.
Stupid humans shouldn't breed.
I hate stupid humans.
I hate stupid humans.
I hate stupid humans.
Stupid humans deserve to die.
