King Diamond

Ill Bill & Vinnie Paz

Nothing else
(Look close, look close and you will see)
Feels like this
(Diamonds into infinity)Start from you less
(Don't sing, don't sing that song to me)
Feel to connect it, you're off too quick
(Of hope that poison melody)
SurpriseStart, look down and sit on the floor
Restart, so, what are you talking about?
Nothing important, just don't stop
Yeah, you won't remember me anywayWhy? Restart
(5, 6, 7, 8)
So, what are you talkin' about?
Nothin', talkWhat, you won't remember me anyway
Restart
So what are you talkin' about?
Nothin', just don't stopYeah, you won't remember me anyway
Why? Restart
So what are you talking about?
Nothing, talkAnyway, anyway, anyway
Anyway, anyway, anyway
Anyway, anyway, anywayNothing else
(Look close, look close and you will see)
Feels like this
(Diamonds into infinity)Start from you less
(Don't sing, don't sing that song to me)
We are connected
(Of hope that poison melody)Start, look down and sit on the floor
Restart, so, what are you talking about?
Nothing important, just don't stop
Yeah, you won't remember me anywayWhy? Restart
(5, 6, 7, 8)
So what are you talkin' about?
Nothing, talkYou won't remember me anyway
Why? Restart
So, what are you talking about?
Just don't stop, stop
