

# Think It's A Game

## Mseize

Think it's a game 'til them thangs come out  
I bang out 'til your brains hang out  
'Cause you're fuckin' with a gangsta nigga, a gangsta nigga  
Think it's a game 'til them thangs come out  
I bang out 'til your brains hang out  
'Cause you're fuckin' with a gangsta nigga, a gangsta nigga  
It was a full moon in the beginnin' of March, 'bout the end of winter '74  
The gangsta was born, introduced to sinnin' and spinnin' women  
Cats with big hats slammin' Cadillac doors  
Who choosin' hoes, you losin' hoes, you niggaz loose witcha hoes  
You motherfucker y'all ain't used to no hoes  
Niggaz wanna lo jack, track your bitches, shack your bitches  
I pimps up, smack my bitches, you wanna fuck trick your bitches  
I duck flip my bitches, get that cash with that extra ass bitch  
Plus I keep a gat at arm reach, you ain't no hustler  
Yous a car thief, nigga where your car keys?  
Crack topic, back block it  
Thirty-one long black top it, you can't stop it, gat top it  
Black mack, black glock it, blast rocket  
Sit your faggot-ass on your back pocket  
It's not a game, prick  
Think it's a game 'til them thangs come out  
I bang out 'til your brains hang out  
'Cause you're fuckin' with a gangsta nigga, a gangsta nigga  
Think it's a game 'til them thangs come out  
I bang out 'til your brains hang out  
'Cause you're fuckin' with a gangsta nigga, a gangsta nigga  
They call me, hov' the hustler, dough doubler  
Drove customers crazy in the late 80's, early 90's  
Now you can find me, girlie behind me, holdin' my mink up  
Ice pinkie ring in the air, drinkin' my drink up  
Top down, 'dro in the air, blowin' that stink up  
It's seldom that I smoke, but it helps my thinker  
Makes me a, mathematician about my math  
Get celebrity ass, I'm a statistician, rap with precision  
Nigga, your hoe chose hov', that's rapid division  
Now divide yourself and slide  
I, young vito, voice of the young people  
Mouthpiece for hustlers, ventriloquist for jugglers

Took it where few went, made a few cents  
Don't call me hov' no more, call me "The blueprint"  
Sold dope sold crack sold soap sold rap  
Bought Bentley's, bought 'em back, nigga can you buy that?  
Think it's a game 'til them thangs come out  
I bang out 'til your brains hang out  
'Cause you're fuckin' with a gangsta nigga, a gangsta nigga  
Think it's a game 'til them thangs come out  
I bang out 'til your brains hang out

'Cause you're fuckin' with a gangsta nigga, a gangsta nigga  
Purpose for man, worship Allah, then you die  
Purpose of my gun, run in yo' shop and take pies  
Purpose of my son, raise him to do the same  
Clip blazin' it through your brains, strip, use it 'til it's burned out  
Benz coupes, jags and trucks when we roll out  
Man it ain't no lie, it's real as this four-five  
And real as these five salaats, whether we deen or not  
Our kids gotta eat, red beamer stops  
Where your connects gotta meet, interrupt your cop  
Dependin' on the dope size, we slide it from both size  
With hammers with hollows you feel we follow we're both risin'  
They killed your cousin you strapped and you won't ride and  
Don't think 'cause I rap that I won't  
Play o-dog in menace and drive-by men  
Real gangsters keep a bitch in the wheel, workin' the gas tank  
Hoes on the strip, bringin' that cash in  
Think it's a game 'til them thangs come out  
I bang out 'til your brains hang out  
'Cause you're fuckin' with a gangsta nigga, a gangsta nigga  
Think it's a game 'til them thangs come out  
I bang out 'til your brains hang out  
'Cause you're fuckin' with a gangsta nigga, a gangsta nigga  
It's C the young gunner, they call me the boy wonder  
Without that caped crusader, that cake is major, uh  
Nickel plate stay with it, except for in school  
Metal detectors in school, for every last nickel get moved  
Fucked every bad little bitch in the school  
Good with math but I skipped it in school  
Ankle to shop but I'm sick with them tools  
Shit, that's why I'm kicked out of school  
Fuck J's by da locker, come and holla, uh  
Out on my own, movin' out with the chrome  
And can't nobody take me out of that zone, not even A.I  
It ain't even a business, it's just the way I

Get it consistently, flip it until the day I'm gone  
Scream beef any day and it's on  
The same Chris dangerous with a eight in my palm  
And been paid since the day I was born  
But these lames think it's a game 'til them thangs is drawn, uh  
Think it's a game 'til them thangs come out  
I bang out 'til your brains hang out  
'Cause you're fuckin' with a gangsta nigga, a gangsta nigga  
Think it's a game 'til them thangs come out  
I bang out 'til your brains hang out  
'Cause you're fuckin' with a gangsta nigga, a gangsta nigga
