

Embrace

Maid Myriad

Throw me in the water
I'm ready to sink
I'm ready to swim
Don't focus, get it down
And lay it to rest
And lay it to rest.

Embrace the moment
Adhere, youâ€™ll discover
That time never sleeps
And life never weeps
Embrace the moment
Donâ€™t fear another
Embrace,
Embrace the moment

Destined to be secret
It's not what you think
I'm not what you think
It's obvious, Oh so obvious
I've been wrong all along
Been wrong along

Embrace the moment
