

The Death Of American Radio

Radio 4

This is how it's gonna be
We've had enough for a long time
So who's it gonna be?
Someone that's free
From a list of crimes, you know itGet up, get up, get up, c'mon now
The radio will only bring you down
I see you standing on a wire
And all your chances they went out for hireAll day long the same mistakes
With all the time for commercial breaks
I see you dancing took all your chances
I see you dancing took all your chancesThis is how it's gonna be
We've had enough for a long time
And who's it gonna be?
Someone that's free
From a list of crimes, you know itGo license a satellite
Another sound it dies tonight
Well, this signal is clear and bright
Deregulation, it don't sit rightAnd this is how it's gonna be
We've had enough for a long time
And who's it gonna be?
Someone that's free
From a list of crimes, you know itAnd this is how it's gonna be
How it's gonna be
How it's gonna be from now on
How it's gonna be from now on
How it's gonna be from now on
