I Am

Dope

Sometimes you don't understand
Sometimes I am what I am
Sometimes I just can't be
Everything you hoped I'd be
And sometimes I wish that you could seeI'm not like you I'm not like them
I won't pretend 'cause I am what I amSometimes I wish that we could agree to disagree
Sometimes I wish that you could see what I see
This is who I am I've always been
And I don't think you'll ever understand
Fuck you I am what I amYou don't understand I am what I am
And I don't think you'll ever understand
Fuck you I am what I am
