Soarin

Bazzi

Too young to see tomorrow
Too young to know it hurts
Found love in empty bottles
I guess we'll never learn
So just lay with me, lay with me, late 'til the morning
'Cause I'm high and you're high, and together we're soarin'And if I go too hard, pray the Lord my soul to take, yeah
I've been up all night, tell tomorrow it can wait, ah
I think we went too far, the ones they couldn't say, ah
Inside you I found faith
I apologize if I say
Anything I do mean
'Cause I've been drinking too much
Faded off the gasoline
I'm just trying to live life
Put on for my family
That's on everything
Girl we can do anything
'Cause baby, we areToo young to see tomorrow
Too young to know it hurts
Found love in empty bottles
I guess we'll never learn
So just lay with me, lay with me, late 'til the morning
'Cause I'm high and you're high, and together we're soarin'
And if I go too hard, pray the Lord my soul to take, uh
You're here, I'm here, tell me this isn't fate, uh
You should know you could go anywhere you wanna be
Take my hand to your fantasy, yeahI apologize if I say
Anything I do mean
'Cause I've been drinking too much
Faded off the gasoline
I'm just trying to live life
Put on for my family
That's on everything
Girl we can do anything
'Cause baby, we areOh oh oh, oh oh oh
Lay with me, lay 'til the morning, oh
'Cause I'm high and you're high, and together we're soarin'
