Take a look at the mountain
Stretching a mile high
Take a look at the ocean
Far as your eye can see and think of meTake a look at the desert
Do you feel like a grain of sand?
I am with you wherever
Where you go is where I amAnd I'm always thinking of you
Take a look around you
I'm spelling it out one by oneI love you more
Than the sun and the stars
That I taught how to shine
You are mine and you shine for me tooI love you
Yesterday and today and tomorrow
I'll say it again and again
I love you moreJust a face in the city
Just a tear on crowded street
But you're one in a million
And you belong to me, yeahAnd I want you to know
That I'm not letting go
Even when you come undoneI love you more
Than the sun and the stars
That I taught how to shine
You are mine and you shine for me tooI love you
Yesterday and today and tomorrow
I'll say it again and again
I love you more, I love You moreShine for me, shine for me
Shine for me, shine on
Shine on, shine for meI love you more
Than the sun and the stars
That I taught how to shine
You are mine and you shine for me tooI love you
Yesterday and today
And tomorrow
I'll say it again and againI love you more
Than the sun and the stars
That I taught how to shine
You are mine and you shine for me tooI love you
Yesterday and today and tomorrow
I'll say it again and again

I love you more, I love you more
I love you more
