

Fall Into Your Dreams

Cyndi Lauper

Dada, dada, da
Dabadabadabada
Dabadabadabada, badaba
Dada, dada, da Little baby, on my shoulder
I could fall into your dreams
Wrap myself up, all around you
Till you don't know what it means Don't lie shrugging your shoulders now like I shouldn't stare
Don't sigh so deep
Are you the kind of man that I hoped you would or wouldn't be?
(Dada, dada, da) Maybe baby's gone to sleep
(Dabadabadabada)
(Dabadabadabada, badaba)
Maybe baby's gone to sleep
(Dada, dada, da)
(Dabadabadabada)
(Dabadabadabada) Pull myself a little closer
I could feel your body breath
Hear the pulsing of my heartbeat
Rhythmic rhythms endlessly If I could catch three wishes from a falling star
One I would keep
And two I would put on your pillow with a lullaby
(Dada, dada, da) Maybe baby's gone to sleep
(Dabadabadabada, badaba)
Maybe baby's gone
Maybe baby's gone
Maybe baby's gone to sleep
(Dabadabadabada)
(Dada, dada, da) Ohh, hold on to a thought at the end of the day
Ohh, somehow we'll be watching the clouds as they're drifting away
And you might think about leaving but I'll always stay
(Ahh) Little baby on my shoulder
I could fall into your dreams
(Dada, dada, da)
(Dabadabadabada)
Wrap myself up all around me
(Dada, dada, da)
Till you don't know what it means
(Dabadabadabada)
I could fall into your dreams

(Dada, dada, da)
(Dabadabadabada)
I could fall into your dreams
(Dada, dada, da)
(Dabadabadabada)
Maybe baby's gone to sleep
(Dada, dada, da)
(Dabadabadabada)
Maybe baby's gone
(Dada, dada, da)
Maybe baby's gone
(Dabadabadabada)
Maybe baby's gone to sleep
(Dada, dada, da)
(Dabadabadabada)
(Dada, dada, da)
Maybe baby's gone to sleep
(Dabadabadabada)
(Dada, dada, da)
