

Showdown

Barcode

You say you live for a united scene
You say your ways are oh so fair and clean
You claim your right to rule the HC grounds
Fuck your mobster ways, youre going downThe codes back, wholl be the first to drop?
Self righteous bitches and likewise, pop, pop, pop
Double A wont bow to no scene police
Face the 8K bitch and then fuck off, pleaseThe codes back, wholl be the first to drop?
Self righteous bitches and likewise, pop, pop, pop
Double A wont bow to no scene police
Face the 8K bitch and then fuck off, pleaseDont wanna be part of your game
Kissing ass for fortune and fame
Dont wanna play by your self-proclaimed rules
Backing up for a motherfucking toolYoure an insult to the double A crew
There are limits to what pimp manners can do
This crew will never swallow any of your crap
Fuck the 8K bitch and youre gonna get fucked backThe codes back, wholl be the first to drop?
Self righteous bitches and likewise, pop, pop, pop
Double A wont bow to no scene police
Face the 8K bitch and then fuck off, pleaseThe codes back, wholl be the first to drop?
Self righteous bitches and likewise, pop, pop, pop
Double A wont bow to no scene police
Face the 8K bitch and then fuck off, pleaseThe code is back and there aint no stop
Right here, step up, show what you got
Right now, nice moves but how about guts
Stand straight, show your face, show your disgrace
On stage, enter showdown, this is the perfect place
