Soul Child

Shawn Mullins

Like fallin' rain
The days go by
Can't kill the pain
And you wonder whyWe'll be strong
Hold on
A lot of love to go aroundStay wild
My soul child
And don't you let 'em bring you downAnd it's like a dream
Wake me when it's over
Somewhere in between, yeah
Enemy and loverAnd walk proud
Sing out loud
And always hurts to wonder whyOne more mile
My soul child
You'll never know until you tryYeah
Oh I'm talkin' 'bout youLike fallin' rain
The days go by
Can't kill the pain, yeah
And you wonder whyBe strong
Hold on
There's a lot of love to go aroundStay wild
My soul child
And don't you let 'em bring you downWhy don't you walk proud
Sing out loud
It always hurts to wonder whySleep on
My soul child
You'll never know until you try
You'll never know until you try
You'll never know until you try
