

We All Look Elsewhere (Demo)

The Classic Crime

Lost sense, direction
Nobody knows my name
Confidence, correction
Don't know how to play that game A straight line is quicker
A straight line would make me fast
I've burned my nose enough to know
That straight lines never last We all look elsewhere
We all look elsewhere Don't waste your time if you've got it
The tides are turning now It's safer inside doors
Nobody has to flee
Broken vessel
Passed the rocks and out to sea Waiting, wanting
Mad with purpose
Now we come to talk to one
Who knows the answer to how Swallow your soul
And drink from this life
As you choke on your pride Don't waste your time if you've got it
The tides are turning now
You are not alone They gave you their worst and you bought it
The lie has been exposed
You are not alone Winter that comes quick in early September
The rain clouds that washed me are what I remember
The stones that I threw piled high like a mountain
Which I had to climb before I reached the fountain If life is a riddle then riddle me this
The blood tasted sweet as it passed by my lips Don't, don't waste your time
Don't, don't waste your time Don't waste your time if you've got it
The tides are turning now
You are not alone (liar, liar) They gave you their worst and you bought it
The lie has been exposed
You are not alone
