

Feel the Heat

Hotlegs

You got it ever heart forever
You got it ever heart forever
You got it ever heart forever
You got it ever heart forever
 Feel the heat
I'm burning deep inside and
 Feel the beat of my heart
 Feel the heat
I'm burning deep inside and
 Feel the beat of my heart
People in the place let's talk about
So get on the floor and turn it out
Everything that changes goes round'n'round
You lose control when you hear my sound
Everything that changes goes up'n'down
To the rhythm of the night and to the ground
Dance in the house and you won't let go
Like a symphony in stereo-ere-o
You got it ever heart forever
You got it ever heart forever
You got it ever heart forever
You got it ever heart forever
 Feel the heat
I'm burning deep inside and
 Feel the beat of my heart
 Feel the heat
I'm burning deep inside and
 Feel the beat of my heart
It's the groove that makes you wonder
I mean the beat and the bass like thunder
I make you sweat I make you wet
This is my mission that I got to get
That's great like boom boom boom
Bring the sound and the noise to the room
Get on the floor now don't be lazy
Get on the floor now let's go crazy
You got it ever heart forever
You got it ever heart forever
You got it ever heart forever

You got it ever heart forever
 Feel the heat
I'm burning deep inside and
 Feel the beat of my heart
 Feel the heat
I'm burning deep inside and
 Feel the beat of my heart
You got it ever heart forever
You got it ever heart forever
You got it ever heart forever
You got it ever heart forever
 Feel the heat
I'm burning deep inside and
 Feel the beat of my heart
 Feel the heat
I'm burning deep inside and
 Feel the beat of my heart
People everywhere they shake their hair
 Shake it in the air oh yea
 Its music from my mind
 And the bass will let it shine
You got no time to realize my rhyme
The lyrics are fine what's mine is fine
 Let it shine like a sign
Sign of the time when you're feeling fine
 You got it ever heart forever
 You got it ever heart forever
 You got it ever heart forever
 You got it ever heart forever
 Feel the heat
I'm burning deep inside and
 Feel the beat of my heart
 Feel the heat
I'm burning deep inside and
 Feel the beat of my heart
You got it ever heart forever
You got it ever heart forever
You got it ever heart forever
You got it ever heart forever
 Feel the heat
I'm burning deep inside and
 Feel the beat of my heart
 Feel the heat
I'm burning deep inside and
 Feel the beat of my heart
