

What I Like

Triple Image

(Oh yeah, that's what I like)
I'm just waking up, wanna go for a ride
But I can't drive so I step outside
And I go for a walk to see my boyfriend If he ain't home, I'll leave a message on his cell phone
I love to just have a good time
Chilling at the movies with my friends
And I know I'm just doing what I like
I'm keeping it real, no need to pretend I may be young but I know what I like
And I don't really care what they say about me
I'm just having fun and I'm feeling alright
Don't knock me 'cuz I'm keeping it tight
Just doing what I like Now I feel like dancing, wanna dance all night
I hear the music playing and that's what I like
I like to sing my songs and do my thing
And I don't see nothing wrong if I just wanna hang I like seeing your hands up in the air
And I like watching all the cute boys stare
At me just doing what I do
And this goes out to all of you, yeah I may be young but I know what I like
And I don't really care what they say about me
I'm just having fun and I'm feeling alright
Don't knock me 'cuz I'm keeping it tight
Just doing what I like Like and you wanna groove
With me so come on and won't you feel the beat?
And do what you like for me
'Cuz that's what I like to see I may be young but I know what I like
And I don't really care what they say about me
I'm just having fun and I'm feeling alright
Don't knock me 'cuz I'm keeping it tight
Just doing what I like Dancing I like, movies I like
Cuties I like, singing I like
Talking I like, chilling I like
And I wanna see you do what you wanna do That's what I like, what I like
That's what I like
That's what I like
