

# The Motown Song (with The Temptations)

## Rod Stewart

Bring over some of your old Motown records  
We'll put the speakers in the window and we'll go  
On the roof and listen to the Miracles  
Echo to the alley down below Let's dance together just for the night  
Let's don't worry about the future or nothin' else  
'Cause just like the music's sayin' you gotta take chances  
Go ahead just do it and trust yourself There's a soul in the city  
Watching over us tonight  
There's a soul in the city  
Saying everything's gonna be all right So bring over some of your old Motown records  
We'll put the speakers in the window and we'll go  
On the roof and listen to the Miracles  
Echo to the alley down below They wish us luck  
But they think we're just dreaming  
Let's prove them wrong baby  
'Cause you know what luck is  
Luck is believing you're lucky  
That's all and showing just a little bit of faith There's a soul in the city  
Watching over us I swear  
There's a soul in the city  
There's a whole world waiting out there Listen  
I got plans for us  
Playing like a skip on a record  
Through my head all night long  
But when we walk that darkened stairway  
And step out on the roof  
I know what we're feeling can't be wrong Bring over some of your old Motown records  
We'll put the speakers in the window and we'll go  
On the roof and listen to the Miracles  
Echo to the alley down below Bring over some of your old Motown records  
We'll put the speakers in the window and we'll go  
On the roof and listen to the Miracles  
Echo to the alley down below  
Let the Temptations sing it one time  
Bring over some of you old Motown records  
We'll put the speakers in the window and we'll go  
On the roof and listen to the Miracles  
Echo to the alley down below Bring over some of you old Motown records  
We'll put the speakers in the window and we'll go

On the roof and listen to the Miracles  
Echo to the alley down below  
Bring over some of you old Motown records  
We'll put the speakers in the window and we'll go  
On the roof and listen to the Miracles  
Echo to the alley down below
