

# (There's) Always Something There To Remind Me

Sandie Shaw

walk along those city streets you used to walk along with me  
And every step I take recalls how much in love we used to be

    Oh how can I forget you

When there is always something there to remind me?

Always something there to remind me

    I was born to love you

    And I will never be free

    You'll always be a part of me

    Whoa-ooo-ohhh-oh

If you should find you miss the sweet and tender love we used to share

    Just go back to the places where we used to go

    And I'll be there

    How can I forget you

When there is always something there to remind me?

    Always something there to remind me

    I was born to love you

    And I will never be free

    You'll always be a part of me

    Whoa-ooo-ohhh-oh

    Whoa-oh-ooo-ohhh

If you should find you miss the sweet and tender love we used to share

    Just come back to the places where we used to go

    And I'll be there

    How can I forget you

When there is always something there to remind me?

    Always something there to remind me

    I was born to love you

    And I will never be free

    When there is

    When there is

    When, there, is

Always something there to remind me

Always something there to remind me  
Always something there to remind me
