Til The End Of Time

Bobby Brown

Daa daa raa daa daa
Daa daa raa daa daa
Yeah c'mon, c'mon, c'mon
Darling I love you forever and ever
Yes I know times have changed, I'll be straight up with you
It's so hard to explain why I feel the way I do for you
We've had ups and downs, long as love's still around yeah
We can make it last forever, if we're not too proud to say I love you
Darling I love you forever
You make my dreams come true
You know, I know
We'll be together until the end of time
It's so hard for a man in this world full of trials
Tell me how can I get all the things that I want, that I need
If we both believe we can accomplish anything
Just think of all we could achieve
'Cuz I'll be yours and you'll be mine until the end of time
Darling I love you forever
You make my dreams come true
You know, I know
Together until the end of time
Darling I love you forever
You make my dreams come true baby
You know, I know
We'll be together until the end of time
C'mon, c'mon, c'mon

Do it like this, do it like this, do it like this
Do it like this, do it like this, do it like this
Darling I love you forever
You make my dreams come true baby
You know, I know
Together until the end of time
Darling I love you forever
Dreams come true
You know and I know
Together until the end of time
Darling I love you forever
Dreams come true

You know and I know
Together until the end of time
'Til the end of time, time, time
Time, time babe
'Til the end of time
{And that's all we need
In order to make a relationship work
All we need is time
But if we believe all our dreams will come true}
{Together forever and ever
'Til the end of time
So let's go on 'til the end of time}
