

I Swear It's True

Weezer

It's been two and a half years now
That we've been apart
I've been kinda spaced out lately
Can't seem to get you out of my mind I really miss you girl
I really do
You think I'm crazy but
I swear it's true You think that I'd have given up
Found somebody new
But no girls got what you got
I belong to you I really miss you girl
I really do
You think I'm crazy but
I swear it's true Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Now stop, yeah I really miss you girl
I really do
You think I'm crazy but
I swear it's true I swear it's true
I swear it's true
I swear it's true
I really do
I really miss you girl
