In the Park After Dark

Norma Jean

In the park after dark
We'll be together if you can only slip away this time
Will our love ever get any farther than
In the park after dark six to nine?I been meeting you here now a long time secretly
And words could never tell you how much you mean to me
For every time we kissed goodnight, I hang my head in shame
And wonder if I'll ever wear your nameBut in the park after dark
We'll be together if you can only slip away this time
Will our love ever get any farther than
In the park after dark six to nine?You promised me so long ago that you would soon be free
And still I just keep hanging on and waiting foolishly
Though I may never call you mine, you'll be mine while we cheat
The next day, you don't know me when we meet
